**Bungalow Cabin Plan - Perfect get away home.** This plan is easy to build with only four corners and a straight gable style roof. There are two nice-sized bedrooms, each with closets. A three-piece bath is located by the bedrooms and studio area. The "L" shaped kitchen with an island is open to the rest of the home. A wood burning stove in the living room will be great for those cooler winter days. A stackable washer/dryer will fit into closet beside the 2-piece bath. There is an access to the crawl space from this bathroom. The rear door leads to the rear deck area. A nice size for a small lake lot.
