Bungalow with 2-Car Garage. This plan is very practical. Some of the nice features of this particular plan are the bedrooms and laundry are all on the same floor as the living space. A nice 3-bedroom home with a big sunny kitchen/nook area and a huge walk-in pantry. The nook has double garden doors that lead to a covered deck in the rear. The laundry room is conveniently located right inside the garage so dirty clothes can be dropped right into the washer on the way in. The nook and master bedroom are candelivered for additional space. A 3-piece ensuite and walk-in closet compliment the master bedroom. Two overhead 10' x 8' doors in the garage and check out the rear garage with a small overhead door, which is perfect for your ATV, riding lawnmower, or workshop. Overall, a great use of space!
