Bungalow with Single Car Attached Rear Garage. This cute bungalow has an attached rear single car garage. (It could be build with the garage at the front or the rear.) Near the rear entry from the garage is the laundry room. The L-shaped kitchen has an island and the nook is bayed for more table room. A garden door leads to the large rear deck. There is a fireplace in the great room, which is just inside the front entrance. There are 2 bedrooms on this floor with the master having it's own 3-piece ensuite. Enjoy sitting outside on the covered front veranda, which is centered between 2 craftsman style posts. The basement in this plan is unfinished so lots of room for more bedrooms, an office, or large recreation or media room.
