Ranch Style Bungalow with 3-Car Attached Garage. This bungalow, with its front covered veranda, has that ranch-style look. The triple car attached garage is plenty big for lots of vehicles and a workshop area. Enter from the front covered veranda or from the attached garage. There is laundry and a half bath right inside the garage entrance. The kitchen, dining room, and great room are all open concept with vaulted ceilings which makes the area appear even larger. There are three bedrooms on this floor with the master having its own walk-in closet and 3-piece ensuite. The other two bedrooms share a 3-piece bath. There is a deck off the rear through double garden doors. Downstairs, nothing is developed except for the mechanical room, so you can design it the way you wish.
